vol. 4  
Sept. 2020

**M**any students are back in session, and once again it feels like Bloomington is booming. We are continuing this project, because as we have been warned, COVID-19 is still rampant, and the pandemic is not over yet. So please keep wearing your mask, washing your hands, and practicing safe distance practices. We want a safe and healthy Bloomington.

For many, these practices have not stopped, and the world has still not returned to “normal.” Nor is that something that may happen again ☐ changes in our systems, beliefs, and lives have occurred, and what was normal before might not seem “normal” now. What are some ways that your “normalcy” has changed? We would love for you all to help us explore this topic in our next Quaranzine ☐ don’t forget to keep those entries coming! We love to see what people are working on, how y’all are feeling, and any other subject matter that feels pertinent in these times. The deadline to submit to the next Quaranzine is Sept 28, 2020.

---

We hope that you enjoy what our contributors have made and shared. Your continued support has been amazing, both in contributing and reading, and we’re already looking forward to the next edition. It’s almost Fall, and the Harvest Full Moon!

### **Want to contribute to the next volume?**

Send us art and thoughts in the form of an 8.5” x 5.5” page of words or images, a photograph or an image, or about 250 words about something. Recipes, pictures, fun projects, and more—all ideas that highlight the community and uplift voices are encouraged and welcome!

Please reach out to [quaranzine@mcpl.info](mailto:quaranzine@mcpl.info) with any questions or entries. Submissions for the second volume will be accepted through Aug 29th. Submissions will be compiled and posted to our site by September 1st.
